Goodness Beyond Borders

THE AUTHENTIC TASTE OF INDONESIAN CLOVE

Indonesia is globally recognized as one of the finest origins for premium cloves. Grown in fertile volcanic soil and nurtured by a tropical climate, Indonesian cloves are valued for their naturally rich aroma, distinctive flavor, and high essential oil content.

At **Tima Harvest Co.**, every batch of Lal Pari AB6 cloves is carefully selected from trusted farming communities, naturally sun-dried, and processed under strict quality control. This ensures consistent quality, cleanliness, and reliable performance for international markets.

Whether used in the food, tobacco, herbal, or essential oil industries, our cloves are prepared to meet the expectations of buyers who value quality, consistency, and long-term supply.
